

FASCIN RABBIT PAB

货号: N226021

产品全名: Fascin 兔多抗

基因符号 55 kDa actin bundling protein; Actin bundling protein; FANI; Fascin 1; Fascin; Singed (Drosophila) like (sea urchin fascin homolog like); Fascin homolog 1; Fascin

UNIPROT ID: Q16658

背景: Promotes cross-linkage of parallel actin filaments during the formation of cell protrusions (lamellipodia and filopodia), and therefore plays an important role in regulating cell migration. It has been reported that fascin may also regulate filopodia formation by a mechanism independent of its actin-bundling functions, though less is known about this mechanism of action.
