

Product Description

Pioneering GTPase and Oncogene Product Development since 2010

MACROD1 RABBIT PAB

货号: S219032

产品全名: MACROD1 兔多抗

基因符号 LRP16

UNIPROT ID: Q9BQ69 (Gene Accession - BC003188)

背景: Removes ADP-ribose from asparatate and glutamate residues in proteins bearing a single ADP-ribose moiety (PubMed:23474714, PubMed:23474712). Inactive towards proteins bearing poly-ADP-ribose (PubMed:23474714, PubMed:23474712). Deacetylates O-acetyl-ADP ribose, a signaling molecule generated by the deacetylation of acetylated lysine residues in histones and other proteins (PubMed:17893710, PubMed:17914104, PubMed:19403568). Binds to androgen receptor (AR) and amplifies the transactivation function of AR in response to androgen (PubMed:19022849). May play an important role in carcinogenesis and/or progression of hormone-dependent cancers by feed-forward mechanism that activates ESRI transactivation (PubMed:17893710, PubMed:17914104). Could be an ESRI coactivator, providing a positive feedback regulatory loop for ESRI signal transduction (PubMed:17914104). Could be involved in invasive growth by down-regulating CDHI in endometrial cancer cells (PubMed:17893710). Enhances ESRI-mediated transcription activity (PubMed:17914104).

抗原: Fusion protein of human MACROD1

经过测试的应用: ELISA, IHC

推荐稀释比: IHC: 100-300; ELISA: 5000-10000

种属反应性: Rabbit

克隆性: Rabbit Polyclonal

亚型: Immunogen-specific rabbit IgG 纯化: Antigen affinity purification 种属反应性: Human, Mouse, Rat

成分: PBS (without Mg2+ and Ca2+), pH 7.4, 150 mM NaCl, 0.05% Sodium Azide and 40% glycerol

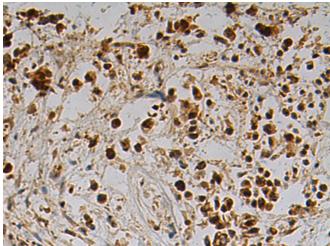

研究领域: Signal Transduction, Epigenetics and Nuclear Signaling, Cancer

储存和运输: Store at -20°C. Avoid repeated freezing and thawing

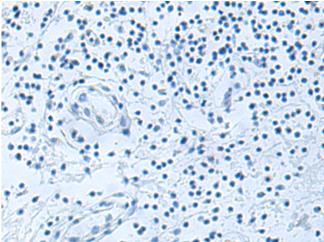

Product Description

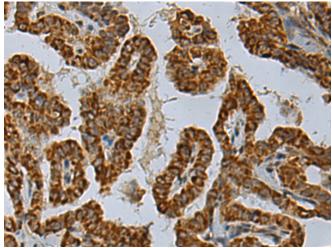

Pioneering GTPase and Oncogene Product Development since 2010

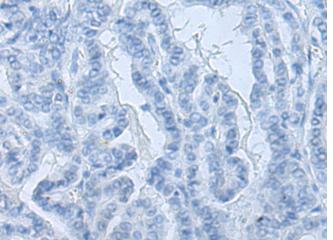

Immunohistochemistry analysis of paraffin embedded Human breast cancer tissue using 219032(MACROD1 Antibody) at a dilution of Human breast cancer tissue is first treated with the fusion protein 1/110(Nucleus or Cytoplasm).

In comparision with the IHC on the left, the same paraffin-embedded

The image on the left is immunohistochemistry of paraffinembedded Human thyroid cancer tissue using 219032(Anti-MACROD1 Human thyroid cancer tissue is first treated with fusion protein and Antibody) at a dilution of 1/110.

In comparision with the IHC on the left, the same paraffin-embedded then with D225684(Anti-MACROD1 Antibody) at dilution 1/110.
