

## STRA8 RABBIT PAB

货号: N225193

产品全名: STRA8 兔多抗

基因符号 STRA8; Stimulated by retinoic acid gene 8 protein homolog

**UNIPROT ID:** Q7Z7C7

**背景:** This gene encodes a retinoic acid-responsive protein. A homologous protein in mouse has been shown to be involved in the regulation of meiotic initiation in both spermatogenesis and oogenesis, though feature differences between the mouse and human proteins suggest that these homologs are not entirely functionally equivalent. It is thought that this gene may play a role in spermatogenesis in humans.
